All About Heritage Winnipeg

Heritage Winnipeg is an independent, non profit, charitable organization incorporated in 1978 as a cooperative effort between the City of Winnipeg, the Province of Manitoba and the National Trust for Canada. **We are mandated to support the conservation of Winnipeg's built heritage.**

Heritage Winnipeg **advocates for historic buildings in crisis**, provides resources and support for building owners, government, media and the public, and collaborates with like minded organizations.

Heritage Winnipeg **promotes built heritage** through local and national events, provides opportunities for employment, volunteering and education, and helps build community.

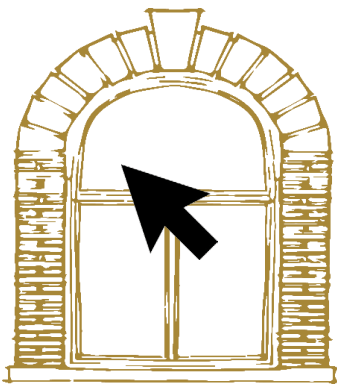

Protecting our community's built heritage fosters healthy, unique, dynamic, environmentally friendly and fiscally viable neighbourhoods that we can all be proud to call home for generations to come!

For 36 years Heritage Winnipeg's **Annual Preservation Awards** have recognized nearly 200 outstanding individuals, organizations and building projects that went above and beyond to conserve Winnipeg's built heritage!

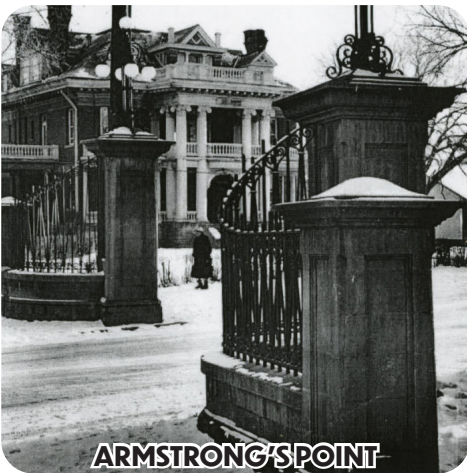

Advocacy in Action

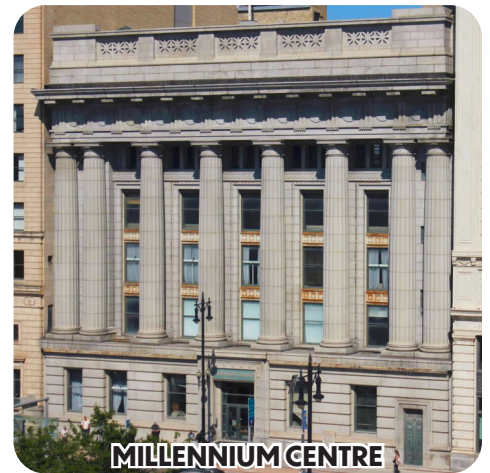

Heritage Winnipeg strives to work with community groups, building owners, developers, and government to advocate for the **conservation** of Winnipeg's built heritage.

We seek **solutions that benefit all** - creating vibrant, desirable, sustainable and diverse neighbourhoods.

We supported Armstrong's Point in becoming Winnipeg's first **Heritage Conservation District** and look forward to the designation of Crescentwood.

We manage the historic **Millennium Centre** while ensuring its financial viability with private and public events.

Our Streetcar 356 Rehabilitation Project is hard at work restoring **Winnipeg's last wooden streetcar** from 1909.

We provided the public an opportunity to **engage** with professionals on the future of the downtown Hudson's Bay Company building.

Heritage Projects

Heritage Winnipeg helps create innovative **digital educational projects** that result in free online built heritage resources.

Through Young Canada Works and Canada Summer Jobs we are able to provide **heritage sector work experience** for students.

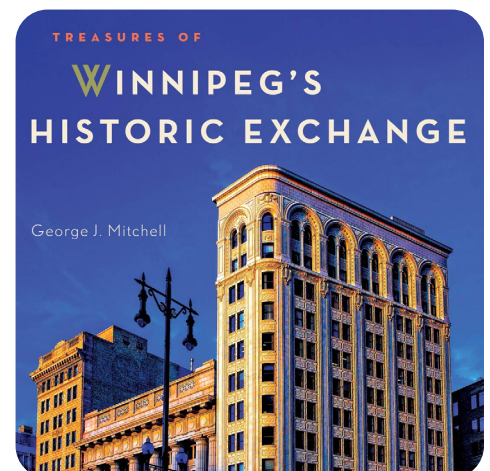

Heritage is **saved and reused** through our sale of architectural shards from demolished historic buildings.

In partnership with other **Provincial Heritage Agencies** we helped unite the heritage community at the inaugural virtual Manitoba Heritage Summit.

Through **collaborations** with local artists and cultural organizations we showcase Winnipeg's built heritage and aspire towards common goals. Arts, culture and heritage thrive when working together.

We make time to be involved in our community and **support their success.**
