Upper Fort Garry

Did You Know?

Upper Fort Garry was a trading post used by the Hudson's Bay Company from 1821 to 1870.

Most of the Fort was demolished in the 1880s, leaving only a stone gate behind. Can you find it in the picture?

Streetcar Maze

Streetcar 356 has finished its route for the day,
can you help it get back to the garage?

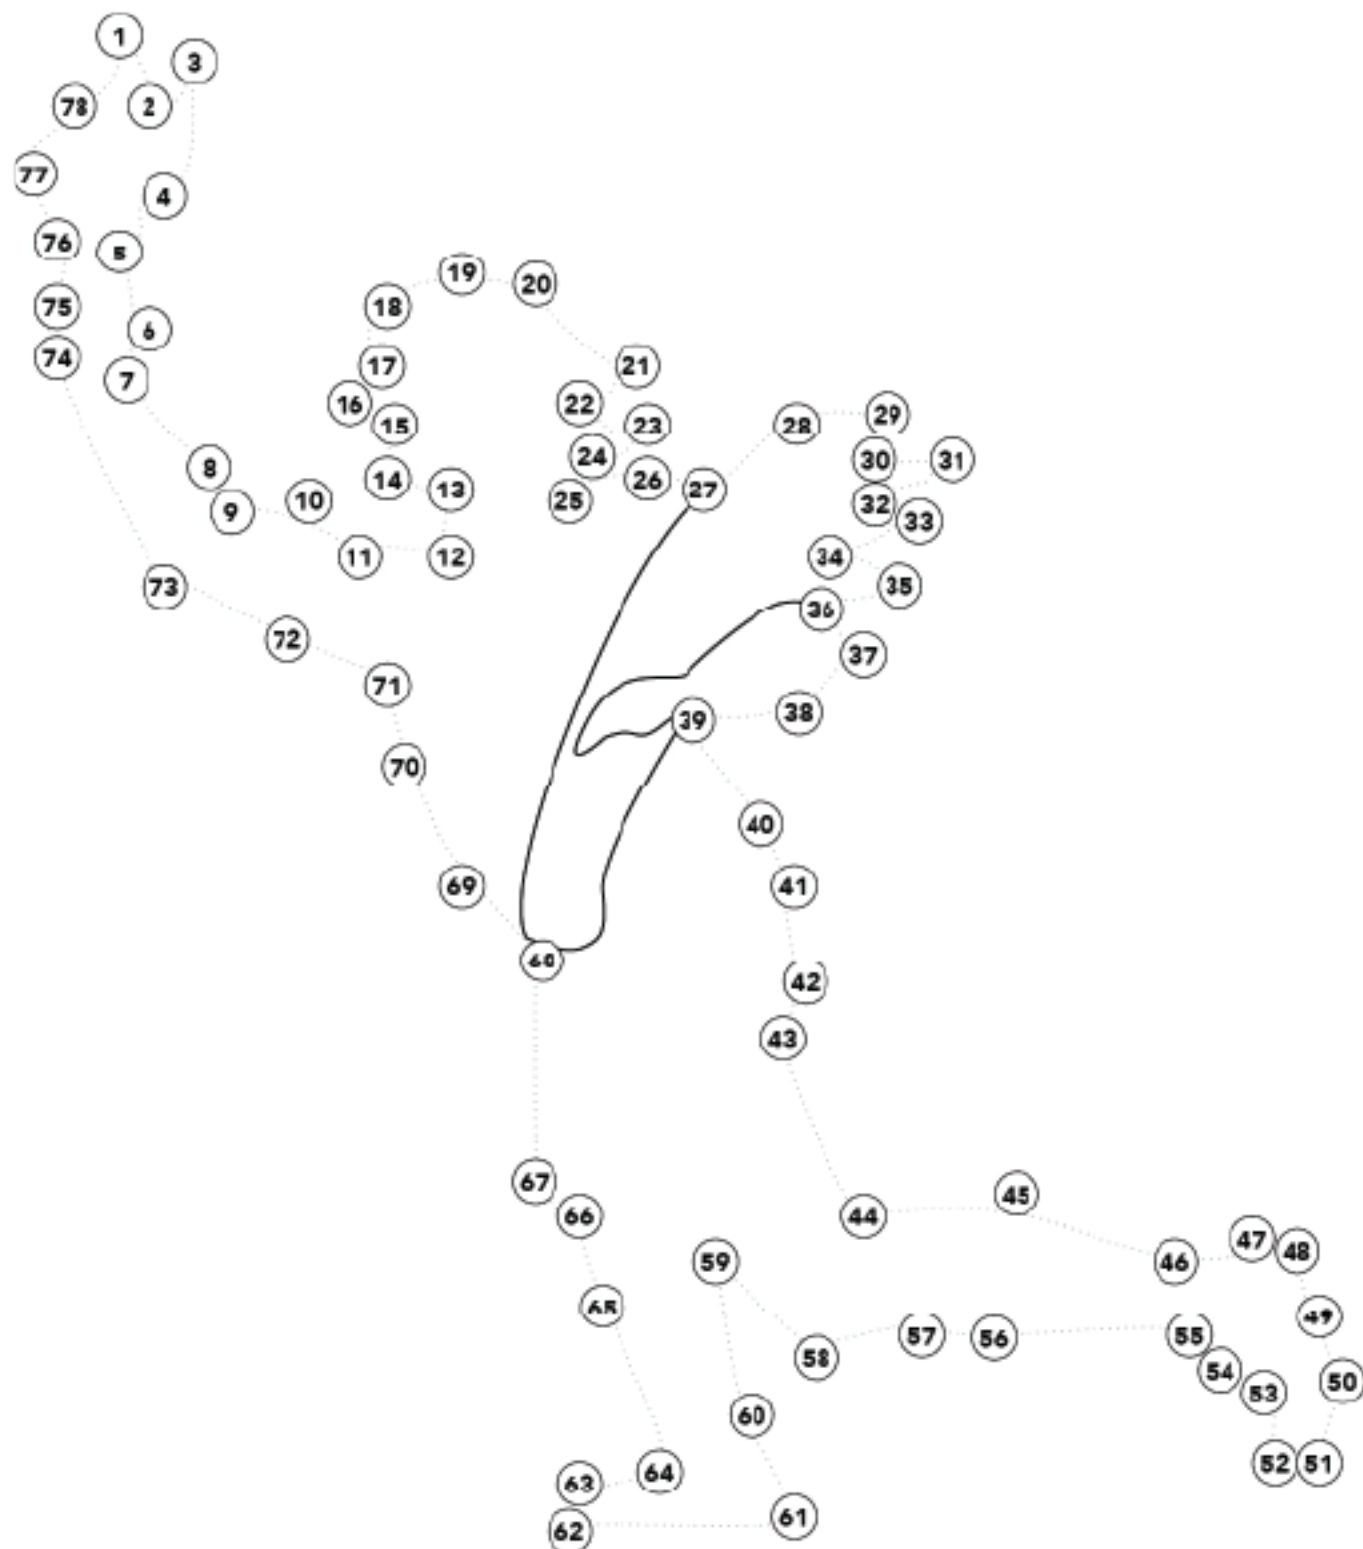

Did You Know?

From 1889 to 1955, the City of Winnipeg used streetcars instead of buses. In 1938, trolley buses began running alongside the streetcars.

Heritage Winnipeg owns the last remaining original wooden streetcar in Winnipeg, built in 1909. It lives at the Railway Museum in Union Station (123 Main Street).

Connect The Dots

Follow the dots below to create a picture.

The Bay Downtown

Did You Know?

150,000 tons of earth were moved during the construction of the Hudson's Bay Company building on Portage Avenue!

In the 1950s there were *three* restaurants in the building: The Paddlewheel Buffet, the Georgian Room, and the Jolly Canuck.

Architecture I Spy

There are many different elements to each building. Can you find these architectural features on this picture of the Manitoba Legislative building?

CAPITAL

The top of a column.

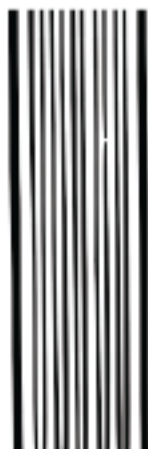

BASE

The bottom of a column.

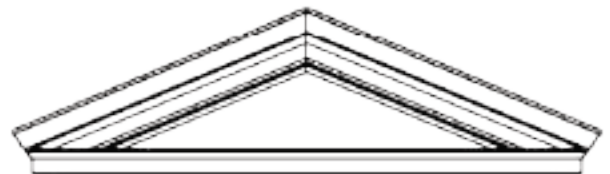

SHAFT

The middle portion of a column.

PEDIMENT

A triangular shaped feature that sits above the entablature.

ENTABLATURE

A long rectangular band that fits between a capital and a pediment.

- c) Apollo

.....
ANSWERS

1. Bison 2. b) Honey Dill 3. Winnie the Pooh 4. a) 911 5. b) Hermes

The Manitoba Legislative Building

Did You Know?

It took seven years to build the Manitoba Legislative building on Broadway, from 1913 to 1920.

The Golden Boy was made in France in 1917 and spent several years aboard a French warship during the First World War before arriving in Winnipeg in 1919.
